## CUSTOMER REVIEWS

"...As far as the protein goes, it is without a doubt the best I've ever used. It's smooth and doesn't clump like ones that I have used in the past. The best part to me is that it doesn't sit heavy in my stomach. Overall great products, great service, and even greater people."

"I got a bottle of NBS Chocolate Protein and it is amazing! Patrick really sold me on the fact that there are no artificial additives in there, and I've already noticed results. Plus it tastes great. I have also ordered two shirts and they both fit nicely! Big fan of Never Been Stronger products!"

"Best tasting protein ever! Great customer service too! A family member that uses the pre-workout has great things to say about that too."

"Best protein on the market. I blend it with my yogurt and it never clumps up. Pre-workout is legit too. It helps get me through my workouts with more energy and focus."
